**AN ACT to give effect to the true intentions and wishes of one Frederick Clayton (deceased) as to the disposal of his estate.**

[Date of commencement: 2nd August, 1918.]

WHEREAS it appears that one Frederick Clayton was a pioneer in the occupation of Southern Rhodesia;

AND WHEREAS it further appears that the said Frederick Clayton on the 1st March, 1906, duly executed a will (whereof the terms are set out in Schedule “A”) leaving his whole estate for the purpose of providing an annual picnic for the European children of Salisbury and their parents, and thereafter on the 27th August, 1910, added a duly executed codicil (whereof the terms are set out in Schedule “B”) bequeathing the sum of £5,000 to one Cecil Hatcliff Whittaker, a minor;

AND WHEREAS it appears also that the next of kin or successors in intestacy of the said Frederick Clayton, if any, were by the will of the 1st March, 1906, and the codicil of the 27th August, 1910, wholly disinherited by him and excluded from taking any share or interest in his estate or any part thereof, and whereas it also appears that the will of the 1st March, 1906, and the codicil thereto are the only valid testamentary dispositions of the said Frederick Clayton;

AND WHEREAS it appears further that thereafter on the 1st July, 1916, the said Frederick Clayton gave instructions to the notary William Streak Honey to prepare a will which he proposed to execute, under the terms of which the will of the 1st March 1906, and the codicil of the 27th August, 1910, were to be cancelled and revoked, and in lieu of their provisions the life interest in an estate or property known as the Hatcliffe Estate was to be given and left to one Georgiana Clayton, his wife, and on her death the said property was to be devoted and used for the benefit of the pioneers of Rhodesia and their descendants who were in need of help, more especially those who had been disabled in the present war, and further a sum of £5,000 was to be bequeathed to the said Cecil Hatcliff Whittaker on his attaining the age of twenty-five years or upon his marrying, and further the residue of his estate, excluding the two above specific bequests, was to be bequeathed to one Evelyn Mary Sanderson on her attaining the age of twenty-five years, and further that pending the attainment of the said age by each of the above-mentioned minors the revenue and income of the amount and residue specifically bequeathed was to be equally shared by the three above-mentioned persons;

AND WHEREAS it also appears that the said Frederick Clayton died on the 2nd July, 1916, leaving the will of 1st March, 1906, and codicil of full force and effect; and that the said will does not give effect to the true intentions of the said Frederick Clayton; and that his true intention is expressed in the instructions given to the

said William Streak Honey, to whom it appears that the said Frederick Clayton did hand on the 1st July, 1916, when the said instructions were given, two sheets of paper on which the said Frederick Clayton had in his own handwriting recorded his last wishes and had written at the head of the front page of the first sheet "Will F Clayton" and had at the end of the first page of the second sheet affixed his signature "F Clayton", whereof it appears that the Schedule "C" is a true copy, and whereas it appears also that the true intentions and last wishes of the said Frederick Clayton were thereby expressed in substance by him in his own handwriting and that it is desirable to give effect to them in terms of this Act;

AND WHEREAS it further appears that it is desirable to give effect to the true intentions of the said Frederick Clayton, whilst protecting the rights of the beneficiaries under any other will, if any, that may after the 2nd August, 1918, be discovered and proved to be his last will and testament, or if owing to the invalidity of the will of the 1st March, 1906, or otherwise there are intestate heirs, then to protect such intestate heirs, and there are no means of so doing save by legislation;

AND WHEREAS it further appears that the said Frederick Clayton desired that Ernest Edward Homan and Georgiana Clayton should be executors of his will; and whereas Frederick Charles Blakeway and the said Ernest Edward Homan are executors testamentary under the will which has been proved:

BE IT ENACTED:—

### **1 Short title**

This Act may be cited as the Frederick Clayton Trust Act [*Chapter 17:02*].

### **2 Definition of "pioneers"**

In this Act—

"pioneers" means—

(a) the pioneer and police forces organized to occupy and settle Mashonaland in 1890 commonly known as the 1890 Column that consisted of—

(i) the Pioneer Corps commanded by Major Frank Johnson, the names of nearly all if not all of the members whereof are set out in Schedule "D"; and

(ii) the British South Africa Police commanded by Colonel E. G. Pennefather, the names of nearly all if not all of the members whereof are set out in Schedule "E";

and

(b) the military forces of the British South Africa Company commonly known as the 1893 Columns which in 1893 overthrew the Matabele and took part in the occupation of Matabeleland, the names of nearly all if not all of the members whereof are set out in Schedule "F":

Provided that any European persons, if any, who were members of any one or more of the said Columns but whose names do not appear in any one of the said Schedules "D", "E" and "F" shall nevertheless for the purposes of this Act be considered pioneers.

### **3 Vesting of estate**

All the estate and effects of Frederick Clayton (deceased), whether the same consists of movable or immovable property of whatever nature and wherever situate, and whether the same is in possession, remainder or expectancy, are hereby vested in Georgiana Clayton, Ernest Edward Homan and Frederick Charles Blakeway, who shall be executors of the said estate and trustees and administrators of the same, and shall, subject to this Act, administer the same as if the will whereof Schedule "C" is a copy had been duly executed by the said Frederick Clayton.

### **4 Powers of trustees**

The above-mentioned persons shall have all the powers and be cast in all the duties of executors testamentary, and are hereby so appointed without further act. The said persons are hereinafter called the trustees.

### **5 Filling of vacancies**

If any vacancy occurs in the office of trustee through the death, resignation or removal for just cause of any trustee, the President shall nominate and appoint some person to be trustee, and shall have the like power of filling vacancies in the office of trustee so long as the trust prevails.

### **6 Quorum**

(1) The trustees shall have full power, subject to this Act, to realize, invest or dispose of any of the assets of the said estate, and in case of any difference of opinion between the trustees on any question concerning any such realization, disposal or investment or the administration of the estate vested in them, the decision of any two of the trustees concurring in such decision shall prevail and be acted upon.

(2) The authority of any two of the trustees shall be sufficient to pass transfer of any landed property.

### **7 Life interest**

The said Georgiana Clayton shall, subject to the provisions of section *thirteen*, have the full use and benefit during the term of her natural life of the landed property known as the Hatcliffe Estate, consisting of—

- (a) a certain piece of land in extent, 1,656 morgen and 281 square roods, being farm Hatcliffe, a portion of Borrowdale Estate, section 2, situate in the district of Mazoe, more fully described in the deed of transfer thereof, with diagram annexed, made in favour of Frederick Clayton on the 8th March, 1912;
- (b) a certain piece of land in extent 5 morgen and 3 square roods, being Hatcliffe Extension, a subdivision of that portion of Borrowdale Estate, section No. 3, transferred to Rhodesia Lands Limited, on the 26th June, 1903, situate in the district of Mazoe, more fully described in the deed of transfer thereof, with diagram annexed, made in favour of Frederick Clayton on the 8th March, 1912;
- (c) a certain piece of land situate in the district of Salisbury in extent 1,629 morgen and 85 square roods, more fully described in the diagram thereof, attached to the transfer thereof, made in favour of Frederick Clayton on the 17th December, 1914, being Hatcliffe South Extension, and comprising (1) a portion of section 2 of Borrowdale Estate in extent 191 morgen and 365 square roods, shown as figure A on the said diagram, and (2) a portion of section 3 of Borrowdale Estate in extent 1,437 morgen and 320 square roods, shown as figure B on the said diagram;
- (d) a certain piece of land in extent 23 morgen and 472 square roods, situate in the district of Salisbury, being Hatcliffe Extension No. 2, a portion of that portion of section 3, Borrowdale Estate, transferred to Rhodesia Lands Limited, on the 26th June, 1903—bought and paid for, but not transferred yet to the estate of Frederick Clayton;

with all buildings, fences and works thereon, and all livestock and implements at present upon and appertaining to the proper working and conduct of the said property:

Provided that she shall from the progeny of any livestock upon the property replace in value any animals which may die of ordinary natural causes or from accident, save that should such stock die from or be destroyed on account of any general cattle plague or pestilence she shall not be obliged to replace such. Any progeny of the stock remaining after such replacing shall be at the sole disposal of the said Georgiana Clayton.

## **8 Legacy**

From the other assets of the said estate the trustees shall pay to Cecil Hatcliff Whittaker, minor, a godson of the said Frederick Clayton, the sum of £5,000 on the said Cecil Hatcliff Whittaker attaining the age of twenty-five years or upon his marrying, whichever event sooner occurs.

## **9 Devolving of residue**

The residue of the said estate other than the said Hatcliffe Estate and the said sum of £5,000 shall devolve upon and be paid to Evelyn Mary Sanderson on her attaining the age of twenty-five years.

## **10 Realizing of assets. Income**

The assets of the said estate other than the Hatcliffe Estate shall be realized at the discretion of the trustees, and the proceeds invested by the trustees on good and sufficient security. The income derived from the sum of £5,000 of such assets when realized shall be paid to the said Cecil Hatcliff Whittaker until he attains the age of twenty-five years or marries, and the income derived from the remainder of the said assets, exclusive of the Hatcliffe assets and the said sum of £5,000, shall be paid in equal shares to the said Georgiana Clayton and the said Evelyn Mary Sanderson until the said Evelyn Mary Sanderson attains the age of twenty-five years:

Provided that—

- (i) if such last said income exceeds in any year or years double the income which is payable to the said Cecil Hatcliff Whittaker on the sum of £5,000 as aforesaid, then in each year of such excess until the said Cecil Hatcliff Whittaker attains the age of twenty-five years or marries there shall be paid to him one-third of such excess, so as to make the income payable to him under this section not less than that payable thereunder to Georgiana Clayton or to Evelyn Mary Sanderson;
- (ii) during the minority of the said Cecil Hatcliff Whittaker and the said Evelyn Mary Sanderson the income devolving upon each of them shall be paid to the respective guardian or guardians of each, to be used for his or her benefit.

## **11 Vesting of legacies**

The amounts to which the said Cecil Hatcliff Whittaker and the said Evelyn Mary Sanderson respectively are hereby declared to be entitled shall, subject to the above set out provisions, vest in them on the 2nd August, 1918, and upon his or her death, prior to attaining the said age of twenty-five years or in the case of the said Cecil Hatcliff Whittaker without being married, the amount respectively due to each of them shall devolve upon the heirs of each, unless disposed of by valid will.

## **12 Interest of pioneers**

Upon the death of the said Georgiana Clayton the whole of the property known as the Hatcliffe Estate and already described, with all buildings, livestock, fences, works and implements thereon, shall remain vested in the trustees, who may retain the same entire or dispose of it and its aforesaid appurtenances at their discretion, and invest the proceeds thereof on good and sufficient security. The income derived from the said Hatcliffe Estate or from the investment of the proceeds thereof shall, subject to section *thirteen*, be used and devoted by the trustees for the assistance of such pioneers and their descendants as may be in need of help:

Provided that those pioneers who may have been disabled in the war which began between Great Britain and Germany on the 4th August, 1914, and the descendants of such pioneers shall have priority in claim over other pioneers and their descendants.

### **13 “Pioneers Day” or “Commonwealth Day” annual picnic**

The trustees shall once in every year, and preferably either on the day known as “Pioneers Day” or on the day known as “Commonwealth Day”, if so required by the City Council of Salisbury, place at the disposal of the Mayor of Salisbury for the time being a sum of money not exceeding one hundred pounds (£100) either for the purposes of carrying out a picnic for the European children and their parents who happen to be in Salisbury on the said “Pioneers Day”, or for the purpose of providing some means of enjoyment to European children and their friends who happen to be in Salisbury on “Commonwealth Day”. The said sum shall be a first charge on the income of the Hatcliffe Estate.

### **14 Appointment of officers. Commission and expenses**

The trustees may appoint a secretary or other officers necessary for the due administration of the estate vested in them, and may pay such secretary or other officer reasonable remuneration for his services from the income derived from the estate, and further shall be entitled to commission on the basis usually allowed to executors, and shall be allowed such reasonable amounts as shall reimburse them for expenses for attendances at meetings of the trustees and also for actual expenses incurred in the administration of that portion of the estate which remains after the payment of the legacies and the death of the said Georgiana Clayton. All expenses and amounts paid shall be certified under the hand of the Master of the High Court as fair and reasonable, and shall only be paid in such amounts as are so certified.

### **15 Remedy of dissatisfied parties**

If, in the opinion of any pioneer or descendant of any pioneer or other interested person, the estate is not being administered according to the true intents and purposes of this Act, he may make application to the Master of the High Court to compel the due administration, and upon such application being made, the said Master shall have power to cite the trustees by motion or otherwise and bring them before the High Court, which may grant such order as in the premises seems meet.

### **16 Power of trustees**

(1) The trustees shall be a body corporate with power to sue, liability to be sued and power to defend actions brought against them.

(2) The authority of any two of them shall be sufficient to bring or defend any action at law.

### **17 Claims of persons to estate not prejudiced**

Nothing in this Act contained shall be taken to prejudice or affect the legal claim (if any) of any person to the estate of the said Frederick Clayton or any part thereof or any interest therein which he may have otherwise than under the will of the 1st March, 1906, and the codicil of the 27th August, 1910, and such claim (if any) may be heard and adjudicated upon by any competent court:

Provided in respect thereto that the trustees appointed hereunder or their agents shall not be personally liable for any act, matter or thing done by them under the provisions hereof.
