Postal and Telecommunications (Domain Names Registration and Management) Regulations, 2023

---

IT is hereby notified that the Minister of Information Communication Technology, Postal and Courier Services has, in terms of section 99 of the Postal and Telecommunication Act [*Chapter 12:05*], after consultation with the Authority, made the following regulations:—

*Title*

1. These regulations may be cited as the Postal and Telecommunications (Domain Names Registration and Management) Regulations, 2023.

*Interpretation*

2. In these regulations—

“Domain name resellers” means a person that has been accredited by the Registrar to create, delete, add, modify or change Domain names under .zw country code;

“applicant” means a person submitting a request for registration of a Domain name;

“administrator” means an individual appointed by a Domain name holder to manage the Domain name on behalf of the holder;

“bad usage of a Domain name” means usage of a Domain name—

- (i) primarily for the purpose of selling the Domain name to a party holding a right validly recognised or established in Zimbabwe; or
- (ii) to prevent the holder of a validly recognised or established name in Zimbabwe from obtaining that Domain name; or
- (iii) primarily for the purpose of disrupting the business of a competitor; or
- (iv) to attract Internet users, for commercial gain, to a web site by creating a likelihood of confusion with a name corresponding to a right validly recognised or established in Zimbabwe; or
- (v) for which there is no demonstrable link between the holder and the Domain name registered;

- “register” means a database of all Domain names, Domain name holders, Domain name resellers and administrators kept at the Registry by the Registrar;
- “registry” means the Registry established in section 4;
- “contact” means the record of a specific person (natural or legal) maintained in the Registry. A Contact may be administrative, technical or in the Holder’s role.
- “day of registration” means the day when the registration of the Domain name in the Register occurs;
- “delegated Domain name” means a Domain name created by a particular Domain name reseller and assigned to a different Domain Name Reseller for management;
- “Domain” means a set of host names consisting of a single Domain name and all the sub Domain names below it;
- “Domain name” means second-level or third-level Domain consisting of a combination of permissible characters in respect of electronic addresses or other resource on the internet;
- “Domain Name Parking” means the act of registering a Domain name and leaving it lying idle without any connection with an online service;
- “holder” means a person in whose name the Domain name is registered with the Registry;
- “key set” means a record file containing at least one Delegation Signer (DS) record according to RFC4034 intended for secure delegation of the Domain name by means of the Domain Name System Security Extension (DNSSEC) technology and at least one technical Contact;
- “name server set” means a record file containing at least 2 name servers and at least one technical Contact;
- “authority” means the Postal and Telecommunications Regulatory Authority of Zimbabwe;
- “SLD” means Second Level Domain which may be, “. gov. zw; ac.zw; .net. zw;.org.zw; .co.zw;” and any other, that may be created by the Authority and published as a General notice in the *Gazette*.

*Application*

3. These regulations apply to every registration under the country code Top Level Domain also called the national Domain of the Republic of Zimbabwe.

*Establishment of National Domain Names Registry*

4. (1) The Authority shall establish a Registry to be known as the National Domain Names Registry (the registry) to facilitate the registration and management of Domain names under the .zw country code.

(2) The Registry shall be an entity licenced by the Authority as an Application Services Provider to manage the .zw ccTLD.

(3) The primary servers of the Registry shall be in Zimbabwe housed at any Data Centre that connects to the Harare Internet Exchange (HIX) and shall have regional or international redundancy.

(4) The Registry system must allow automated registration of Domain names created by Domain name resellers.

*Functions of Registry*

5. (1). The Registry established in terms of section 4 shall be responsible for:

- (a) creation of an interactive Domain name management platform based on the current Extensible Provisioning Protocol (EPP), or any standards provided as directed by the Authority from time to time;
- (b) accreditation of Domain name resellers;
- (c) in consultation with the Authority, development and publication policy and guidelines concerning the .zw country code;

  - (iii) constitutional authorities;
  - (iv) provinces;
  - (v) Government departments;
  - (vi) specific geographically significant names; and
  - (vii) National monuments, dams, mountains;
- (J) facilitating efficient communication between the Registry and that of Domain name resellers and in particular ensuring:
  - (i) session management;
  - (ii) Domain registrations;
  - (iii) Domain updates;
  - (iv) Domain renewals;
  - (v) Domain deletions;
  - (vi) Domain queries; and
  - (vii) Domain transfers;
- (k) enhancing public awareness on the benefits of Domain name registration in Zimbabwe;
- (l) conducting research and keeping abreast with international developments on Domain Name Systems management.

*Procedures for accreditation of Domain name resellers*

6. (1) No person shall create Domain names unless he or she is accredited by the Registrar as a Domain name reseller.

(2) An application for accreditation shall be made to the Registrar in a specified form accompanied by the following documents—

- (i) certified copies of the entity's constitutive documents;
- (ii) business profile; and
- (iii) any other document that the Registrar may request.

(3) Within 30 days of receipt of the application, the Registrar shall consider the application and make a decision to—

- (a) accredit an applicant as a Domain name reseller; or
- (b) reject the application and give reasons for the rejection.

(4) A Domain name reseller shall pay application and licence fees as specified in the First Schedule.

(5) The Registrar shall issue a licence with conditions to a Domain name reseller.

*Obligations of Domain name resellers*

7. (1) A Domain name reseller shall—

- (a) upon receiving an application from an applicant—
  - (i) verify the accuracy of the information, provided by an applicant for registration;
  - (ii) register Domain names; and
  - (iii) manage information associated therewith;  
in accordance with procedures set out in these regulations;
- (b) manage the holder's Domain Name, through an agreement approved by the Authority;
- (c) not disclose personal data and information of registered Domain name holders to any third party unless required to do so by law;
- (d) ensuring that personal data and information stored is not accessible, disclosed or published without the consent of the holder;
- (e) transmit the Domain name and Domain name holder's information to the Registry within 24 hours of creation of Domain names;
- (f) not make changes in the Registry without express consent of the Domain name holder.

(2) A Domain name reseller shall not activate the Domain name before it is registered in the Registry.

*Suspension and termination of Domain name resellers*

8. (1) The Registrar may suspend a Domain name reseller for a period of not more than 90 days, with conditions, if the Domain name reseller fails to comply with provisions of these regulations.

(2) Before taking action in subsection (1), the Registrar shall notify the Domain name reseller in writing the nature of the alleged breach and call upon the Domain name reseller to make representations why it shall not be suspended within seven days.

(3) The Domain name reseller shall within the period specified in subsection (2), show cause in writing why it should not be suspended.

(4) The Registrar after considering representations made by the Domain name reseller may—

- (a) give a written warning; or
- (b) issue a written directive on what the Domain name reseller must do or refrain from doing, within a specified period; or
- (c) fine the Domain name reseller; or
- (d) suspend and notify the Domain name reseller of the date and venue of a hearing.

(5) The Registrar shall within seven days appoint an *ad hoc* disciplinary committee consisting of a relevant IT expert, a person registered as a legal practitioner and any one person with knowledge and expertise in accounting or administration.

(6) The disciplinary committee shall hear the matter and submit its findings and recommendations to the Registrar 15 days before the expiration of the period provided in subsection (1).

(7) After conducting its hearing the disciplinary committee may recommend to the Registrar—

- (a) lifting of the suspension; or
- (b) cancellation of certificate;

of the Domain name reseller.

(8) The suspension of a Domain name reseller shall not result in the suspension of Domain names registered through the Domain name reseller under suspension.

(9) Where a Domain name reseller is aggrieved by the decision of the Registrar, he or she may appeal to the Authority within 14 days.

*Classification and assignment of Domain names*

9. (1) The country code Domain name shall be divided into sub-Domains at the second level as outlined in the Second Schedule.

(2) Unlimited generic .zw registrations, shall be opened to the public at the second level at a premium.
